1- Consew 205 RB1 is a walking foot, not needle feed. Good for thinner fabrics, but will sew layers of leather just fine. Sews great.+ 10 yrs old bought new. Includes stand, light, thread stand, Servo Motor, several feet, and more. \$1,000.00

1- Consew 206 RB5 is a walking foot needle feed. Great machine sews perfectly. My favorite. Less puckering for fabrics like Sunbrella and others. Sews like a machine should from thin to many layers of leather. Less than 3 years old. Bought new. \$1,250.00

1- Singer 112W 140 is a compound walking foot, double needle machine. Sews like new. I think it's a 1/4" needle spacing. This is an old machine, maybe from the 50s or 60s. Bought used after the mechanic went through it. \$1,000.00

1- Singer serger. Model unknown sews well. Make offer comes with a manual, a box of thread and some needles. \$200.00
